BANGOR DAILY WHIG AND COURIER.

BY SMITH & SAYWARD. MONDAY, OCTOBER 18, 1847. VOLUME XIV.....NUMBER 93.

JULES HAUEL'S PREPARATIONS!

TRY THEM, AND JUDGE FOR YOURSELF!

TO THE PUBLIC.

Wonderful! That's Right — A proper Principle adopted.

YOU cannot object to giving my articles a trial. If they are not found to be as represented, return them, and your money will be cheerfully refunded.—Remember, there is no quackery,—no humbug,—none. A trial will cost you nothing—and in any case is humbugging it will be myself. With the utmost confidence I recommend to the particular attention of the public the following articles. First—

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article, free from urdent spirits, pungent essential oil, and other injurious materials, cleanses the hair superbly, renders it beautifully bright, and imparts to it the delicate tint and grace of the flowers. It excites the scalp to a new and vigorous action, cleanses it from *scurf and dandruff*, and its effect in the restoration and growth of the hair is unequalled by any other preparation on the head. Second—

MY EAU DIVINE DE VENUS AND NYMPH SOAP.

Composed of the Fairest Botanical Discovery of Surpassing Excellence for rendering the SKIN SOFT AND FAIR, as well as imparting a Delicate Roseate Hue to the Complexion.

No lady's toilet is complete without this article. Its effect upon the skin is strikingly beautiful, it removes all blotches, clears the complexion, and leaves a delicate tint, to be but equalled. Third—

MY SHAVING CREAM.

(It is a luxury to shave with **Jules Hauel's Premium Cream.**")

This Cream is acknowledged by all who have used it to be the most delightful thing to any razor. It produces a fine and lather, it softens the beard, it renders the skin cool and pliable, it is not sticky or irritate the skin; on the contrary, it is very soothing and highly emollient. No person will use any other after once using this article. Fourth—

MY DEPILATORY POWDER.

This Powder has never failed to produce the desired effect. It is in powder form, is certain, and warranted to be free from superfluous hair. Many ladies have used it, and have suffered with hair on the sides of the face, neck, & arms, to a most painful extent to the features, and all to no purpose. Fifth—

MY CELEBRATED VEGETABLE LIQUID HAIR-DYE.

A Chemical Dye, to enable persons to dye their hair to any shade, without the least inconvenience;

Gray, white hair has been changed this unique, by one box only of Jules Hauel's Celebrated Vegetable Liquid Hair Dye.

Further, gray or grey hair, whiskers, and brown, black, or chestnut color. The slightest gray need not be feared from its operation; this composition is the result of chemistry in the science of dyes, in a few hours, the various gradations of color with no inconvenience, and has journed the patronage and unlimited confidence of the public.

A Word of Caution! Ask for "Jules Hauel's Vegetable Hair-Dye," if you want the genuine article.

MY UNRIVALLED ROSE TOOTH PASTE,

is universally sought after, for the pearly whiteness it gives to Teeth, without the slightest injury.—

MY CELEBRATED PERSIAN OR CHINESE POWDER.

Patronized by the Fashionable World of the United States and is the most popular article for the toilet, for removing tartar and preserving the complexion, rendering the skin delicately white smooth and soft, preventing cutaneous eruptions, chapping, and obviating the noxious perspiration. Travellers and residents in warm climates will highly appreciate this great and invaluable article for the toilet.

NINE HUNDRED DOLLARS REWARD!

Will be paid to the person who will prove that Jules Hauel's *Vegetable Liquid Hair Dye* is not the best,—the only best, and known in this country or in Europe.—This incomparable concurrity of opinion enables the proprietor to dye the most beautiful whiskers in a few minutes, without the least inconvenience. This preparation is warranted not to wash out, nor to injure the health of the hair, and to retain all its softness and brilliancy.

Recommended by Chemists of the City of Philadelphia.

"Dear Sir: It is with a high degree of pleasure I can bear testimony in favor of your Vegetable Hair Dye, or Restorative. I have been supplied by my hairdresser with your preparation, and I take no hesitation in saying that I consider it the most valuable article of the kind ever known for restoring the hair to its original color and beauty. Your Nymph Soap, Hair-Dye, Rose Tooth Powder, Eau Lustral, and Shaving Cream, I must pronounce decidedly superior to any perfumes, and that they will add luxury to use them. Yours &c

JOHN FARR, Chemist,
President of the Manufacturers' and Mechanics' Bank, Philadelphia.

Try it! Try it! It is furnished Gratis!

The most positive and convincing proof of the superiority of Jules Hauel's preparations can be found in the testimony of those who have used it. With respect to my Shaving Cream, it is always used by gentlemen, and has every where met with universal approbation.

Those who have not made use of this delightful luxury, are invited to call at the store of the Proprietor, No 130 CHESTNUT street, receive, without charge, a small box for trial, and be determined in their judgment by its merits.

Prepared and sold by the Inventor and Patentee,
JULES HAUEL, Practical Chemist and Perfumer,
No. 130 Chestnut street, Philadelphia.

An Extract from the Report of the Judges of the "Franklin Institute of the State of Pennsylvania."

"After a minute and careful examination of the preparations submitted to our notice by Jules Hauel, Chemist and Perfumer, of the city of Philadelphia, we do not hesitate to pronounce them truly valuable productions, we have adjudged for the toilet."

READ THE CERTIFICATE!

"The Franklin Institute of the State of Pennsylvania, at their Exhibition of the Mechanic Arts, have this day awarded to Jules Hauel, of Philadelphia, their Testimonial in approbation of the skill and ingenuity displayed in the manufacturing of his celebrated 'Eau Lustral Hair Restorative' and other perfumery, &c. exhibited at the Exhibition of Domestic Manufactures.

(Signed) J. V. MERRICK, President.
J. SMITH HUTCHINS, } Vice-Presidents.
THOS. FLETCHER, }
J. B. GARRIGUES, Rec. Secretary."

From Governor Porter, Ex. Attorney at Law, and Notary Public, Philadelphia.

"Some personal acquaintance with Jules Hauel—an eminent and fashionable Perfumer and Chemist—I can appreciate the numerous testimonials in his favor, as the different fashionable preparations. On trial of several articles in my own family, and some of them personally, I have more than realized those favorable impressions—they are, what they profess to be, admirably prepared and compounded. I have seen all those articles my family have used recommended of the great merits of the *Eau Lustral Hair Restorative, Shaving Cream, Nymph Soap*, and in fact all the popular preparations of Mr. Hauel.

It is with the greatest pleasure that I can recommend the above articles to all of my numerous friends, and to the public, I can say, in their use, invaluable.

CONSTANT GUILLOU."

From Thomas J. Dessauer, Esq., Attorney at Law, Consul-General of Portugal for the United States, Vice Consul of Austria, Sardinia, Portugal and Tuscany.

To Mr. Jules Hauel.

Sir—Though I have not the pleasure of a personal acquaintance with you, yet a sense of duty to humanity and the public generally, sometimes me to bear my testimony in favor of some of your different fashionable preparations. On trial of them in my own family, and some of them personally, I do positively declare they are what they profess to be, admirably prepared and compounded. I am convinced of the great merits of the Eau Lustral Hair Restorative, Shaving Cream, Nymph Soap and Rose Tooth Powder, for the comfort of their intrinsic worth, and do sincerely recommend them to all for the use authorized by them respectively. Nothing can excel the Eau Lustral in restoring the hair of the aged or youthful. Its invigorating properties are unexceptionable. The Shaving Cream is cool and delightful, being a fine emollient, and leaves the skin, while the Nymph Soap is superior to any Soap for the skin, and cleansing it from all impurities, and is well calculated for the teeth and gums from decay. They are all invaluable.

I have given some of my friends which are the Vegetable Liquid Hair Dye; its effect is astonishing, in a few minutes, and the color of the hair is as indelible as time, and cannot be distinguished from natural. Yours &c. DANIEL L.

Philadelphia, March 20, 1847."

Sold wholesale and retail by H. P. Farmer and Chemist, No. 4 Merchant, Philadelphia, and in Bangor by G. W. Ladd, and H. P. Albee, Druggists, and other fashionable goods dealer. 4tdawly

Important to Parents.

WINER'S

CANADIAN VERMIFUGE!

A CERTAIN REMEDY FOR WORMS.

THIS remedy is safe, its effects pleasant and more easily administered than any other.

The Great Cause of Death among children is to be attributed to Worms. They give rise to numerous diseases, and as the more fatal diseases least suspected, we would remind parents to give this subject more attention, and carefully observe the symptoms which indicate the existence of worms in bowels, the loss of many children would no doubt be saved. Some of the symptoms are as follows: the countenance is often pale or leaden color, and dotted with occasional flushes, the eyes are heavy and dull, and cheeks, itching in the nose, in sleep disturbed, the patient often awakening in great fright, and is liable to starting and grinding the teeth, the appetite is irregular, being sometimes voracious and at other times feeble, occasional vomiting &c.

Winer's Canadian Vermifuge has acquired a reputation far exceeding that of any other medicine of the kind, and is daily increasing in popularity, where ever it is known and used, it is generally approved. It has numerous properties which no other article of the kind has, a more prompt and efficient in its action, as it entirely expels from ingredients which have any bad effect, the health of the patient being always improved even when no worms are discovered. Physicians prescribe it, and to use the language of one in high standing, who resides in Cleveland, Ohio, consider it "the only article of the kind he ever saw that was so uniform and prompt in expelling worms" it may indeed be relied on with the utmost confidence, as it has *never been known to fail*; this is the reason why *all* who have used it will not use any other.

We have in our possession a number of certificates from physicians and others of the highest respectability, who all testify to its superior efficacy, and recommend it as a never failing remedy.

READ AND BE CONVINCED.

We, the undersigned, have frequently administered a medicine prepared by Mr John Winer of this town, designated "J. Winer's Canadian Vermifuge," and being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of worms from the intestinal canal. G. O'REILLY,
Licentiate of the Royal College of Surgeons in Ireland, &c.

G. W. DICKINSON, Member of the Royal College of Surgeons in London, &c.
Hamilton, C. W., Oct. 11th, 1846.

New York, March 30th, 1847.

Messrs. J. Winer & Co: Sirs—My child of five years of age, was or more than two years severely afflicted with worms, during which time we gave her different medicines recommended in such cases, but they produced no beneficial effects. I at length procured a bottle of your Canadian Vermifuge, and gave it to her which caused her to pass a large number of worms, since then she has been in the enjoyment of perfect health. From my own experience, I would recommend your Vermifuge as being the most safe and efficacious remedy for worms now in use. Yours truly,

J. G. SNEDEN, No. 30 Havingdon st.

☞ Be particular and remember the name "Winer's *Canadian Vermifuge*," this is the only article that can be depended on. *Remember this.*

BOMMER'S METHOD,

At Wholesale Prices.

NEW improvements in Agriculture have excited so much interest as Bommer's Method of making Manure. Hundreds of testimonials from Farmers who have adopted this system, prove beyond all controversy, that no one need remain destitute of that supply of manure his wants require. An individual right with one copy of the Method is $5, and no economist can hesitate to pay so trifling a sum when he is once sensible it will enable him to double the products of his Farm with comparative small efforts. Town or County rights are estimated according to their agricultural importance. An individual or a company desirous of purchasing one or more Towns or a County not disposed of, are respectfully invited to make an early application. An individual right with a copy of the Method, will be sent to any section of the State free of postage.

All communications, post paid, directed to the subscriber, shall receive prompt attention.

ADAMS HOUSE,

No. 37, Washington Street,

BOSTON,

L. & W. T. ADAMS beg leave to inform their friends and the public, that they have taken the above new and splendid Hotel.

THE ADAMS HOUSE was erected during the past season to supply an obvious demand for increased and superior accommodations in this City. It is located on Washington street, within five minutes walk of the great Southern and Western Rail-Road Depots, and the business sections of the City. It is adjacent to the Park, and the Cupola commands a beautiful view of the Harbor and the adjoining towns.

The House has been constructed after the most approved plans, with all the modern inventions that minister to the comfort and convenience of the Traveler, and the Constructor's long experience in Hotels has enabled him to introduce many improvements, which are, as yet, peculiar to this Establishment. It is built of Quincy Granite, and contains *one hundred and fifty Rooms*, conveniently arranged in suits and single apartments, well ventilated, and supplied with an abundance of pure soft water.

The Furniture was made to order from the best patterns, with special regard to well to comfort and convenience, as luxury and splendor.

Our Table will be supplied with all the luxuries of the season, and we pledge ourselves that the *first* rarities of the season shall be found upon it.

We have devoted unusual attention to the selection of Servants, and our Guests may rely upon prompt and polite attendance.

Porters will be in readiness at the various Depots to take charge of baggage, and provide Carriages for our Guests.

The Proprietors trust by strict attention to the wants of Guests to merit a share of patronage, assuring all who may favor them with a visit that nothing shall be wanting on their part to render the ADAMS HOUSE second to none in the Union.

L. & W. T. ADAMS,
Proprietors.

ADAMS HOUSE,
BOSTON, June 1, 1847. 2mje29

INVALUABLE FAMILY COMPANION.

SIX LECTURES on the USES OF THE LUNGS, Cause, Prevention and Cure of Consumption, Asthma, and Diseases of the Heart. On the Laws of Longevity, and mode of preserving male and female health and beauty; exposing causes and cure of those diseases that produce Consumption, or shorten life, as Affections of the Skin, Spine, Stomach, Bowels, Kidneys, Liver, Scrofula, Piles, Gravel, and Female Complaints. The rules, easy, practical, and pure, form a guide to perfect health and long life. 28 Engravings. 324 pages. 50 cents. Postage 9½ cents. By SAMUEL SHELDEN FITCH, A.M., M.D., at 707 *BROADWAY, NEW YORK*.

Any person remitting fifty cents, free, will receive one copy by mail, to any part. The trade supplied. 4eowly Jan. 1847

PATENTS.

AMERICAN AND FOREIGN OFFICE,

And Agency of the U. S. Patent Office, Washington

22 State Street—Boston.

THE Subscriber, by appointment from the Commissioner of Patents, is Agent of the U. S. Patent Office, for the purpose of receiving and forwarding to the same all such models, specimens of ingredients, and manufactures, as shall be intended to be patented, or deposited therein, which will be received and forwarded, free of expense and risk, to their owners, and with all possible despatch. The subscriber will prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings, will make researches into American and Foreign works, for establishing the validity or utility of inventions, and render advice on all legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. The experience of fifteen years' practice—an extensive collection of rare works, documents, decisions, &c. on mechanical subjects and the Patent Laws—and patents of different countries; collected at much expense during the long time this office has been established, and to which daily additions are being made, together with accounts here kept of inventions patented at Washington, enable me to afford important assistance and information to inventors desirous of securing Patents, which in other respects might be difficult of attainment.

R. H. EDDY, Civil Engineer.

DR. S. O. RICHARDSON'S CONCENTRATED

Sherry-Wine Bitters.

THE Proprietor of this medicine offers to the public the result of an extensive practice and a thorough investigation of the laws which govern the human system.

It cannot be denied by those who have become acquainted with the singular virtues of these Bitters, that they possess a pre-eminence over all others now in use, for the diseases which they profess to cure.

It is a well known fact, that most diseases arise from a derangement of the Stomach and Bowels, in youthful, adult and declining life.

The extensive sympathies which subsist between these and every other part of the living body, is the foundation of Nervous Diseases of all kinds—Irregular Appetite, Languor, Drowsiness, Wandering Pains, Headache, Lowness of Spirits, &c.

And these, in their turn, give birth to Dyspepsia, Palpitation of the Heart, Shortness of Breath, Jaundice, Pleas, Fever, Inflammatory Humors, Coughs, and a host of diseases which embitter life and poison all sources of enjoyment.

The distinguished character of these Bitters is most striking; their operation being more or less powerful, according to the violence of the disease. When used in appropriate quantity, in cases of slight derangement of the Stomach and Bowels, caused by costiveness or a slight bilious difficulty and the like, where nature needs assistance to prevent more serious consequences, they will be scarcely felt.

On the contrary, in obstinate cases, they frequently operate more powerfully, causing two or three evacuations daily, until the circulating fluid becomes purified. This accomplished, they act on the system in connection with our food, each receiving mutual assistance until the constitution is restored to a state of health and renewed vigor.

CITRON:

The best in this city at HALL & YOUNG'S

ECONOMISTS'

PAINT.

AFTER experimenting for several years the subscriber is able to offer to the public an article of

CHEAP PAINT,

with which Dwellings, Out-Houses, Barns, and Fences are painted, and have a neat and handsome appearance. Its cost, compared with Oil Paint, is very trifling, yet it is very handsome and durable. It has been fairly tested, and found to be applicable to

WOOD, STONE, and BRICK WORK,

outside—and to

CEILINGS, PLASTERED WALLS, &c., inside. Old Buildings and Fences, which have been standing for ten or twenty years without being painted, are now coated with this composition, and by no an appearance nearly equal to new. Boston upon buildings and fences which have not been painted, are readily covered with it, and it is a very superior article for covering whitewash which declines to rub off, for it perfectly prevents the rubbing off, and is very brilliant.

RUEBEN SHALER.

Educational Convention.

The Convention of the School Committee of the several towns in the county of Penobscot met in Bangor on Friday, the 15th inst, agreeably to the provisions of the Statute, for the purpose of choosing a member of the Board of Education for the State

The convention was organized by the choice of Wm Abbot, Esq, of Bangor, chairman, and James B Cleaveland, of Passadumkeag Clerk

On motion—a committee of three was raised to examine credentials

E M Thurston, of Charleston, A G Randall, of Passadumkeag, and John Benson, of Newport, were appointed said committee

The committee reported in progress, that a quorum was not present, whereupon it was voted to adjourn till 2 o clock, P M

Afternoon

Met according to adjournment.

The committee on credentials made a further report as follows:

That sixteen towns only in said County were represented by their committees, to wit

Argyle, Gideon I Newton

Bangor, Wm Abbott, H R Nye, A G Wakefield

Brewer, R K Cushing

Carmel, J B Emery

Corinth, E Bean, E Ball

Charleston, E M Thurston

Dexter, George Hamilton

Eddington, L Woodbury

Etna, John Fogg

Exeter, David Barker

Glenburn, L Marston, Nathan Parsons

Hermon, G W White, James Patten, Jr, Levi B Patten

Newport, John Benson, John H Morris

Orrington, Thomas Smith, George Brooks

Passadumkeag, A G Randall, J B Cleaveland

Plymouth, E Smart, D Stone

On motion—the convention proceeded to ballot for an individual to be recommended to the Board of Education, as the member from this county David Worcester, Esq, was recommended

David Worcester, Esq, agreeably to a vote of the Board of Education, made the following report

It may, perhaps, be expected, that I should make some sort of report of the doings of the Board of Education in relation to text books and other matters immediately connected with the duties of School Committees

The Report of the Secretary of the Board of Education, and of the several committees to whom the various subjects were committed, embrace nearly every thing of importance that is to be said on these subjects, and probably most of you have had an opportunity to read them — It will not therefore, be necessary for me to go into any very minute details on the act on of the Board But by a resolution of the Board, it was recommended to the members of the several counties, to confer at their annual meetings, with the school committees of the towns of the same, on the subject of text books, and express their views as to what in their opinion are the best books to be used Accordingly, it becomes my duty to present to you the views of the Board on this subject

The Board were aware that the public expected some definite action on the subject of text books This, [illegible], has considered by many as one of the most important duties devolving upon them It was supposed by some, that the Board would recommend an uniformity of text books for the whole State, and even go so far as to prescribe the books which should be used in the public schools, and thus relieve the committees of any further trouble on the subject

But after a full and careful consideration of the subject it was unanimously agreed that the Board were not invested with the necessary power to recommend and enforce the adoption of an uniformity of text books, even if uniformity were desirable The law gives the power to the committees of the several towns to decide what books shall be used in their respective towns, and if the Board were to decide what ones should be used, they would interfere with the legitimate and appropriate duties of the committees It was therefore, concluded, that the Board would confine their action to their own appropriate sphere and would not interfere with the duties of the committees any further than to communicate with them upon the subject and give them the results of their own deliberations

The difficulty of determining what books should be used if an attempt to thus determine had been made, may be seen from the following statement The number of the members of the Board is 13 When the discussion of the subject of text books came up it was found that scarcely 3 members were in favor of the same book On the subject of reading books for instance, there was a great diversity of opinion One member favored Swan's Series, another favored Towns Another thought Worcester's was the best, another approved of Russells, another thought Pierpont's as good as any one thought Porter's Rhetorical Reader should be retained, whatever other books might be adopted Hence it may be seen, that if the Board, although consisting of only 13 persons, could not agree upon the Reading books to be used, it could hardly be expected that the school committees of the 300 or 400 towns in the State, would agree to adopt any set the Board might recommend, especially as the law gives to the committees themselves, the right to determine what books shall be used in their respective towns It would be found that the school committees of the different towns would have each their own favorite books, and would be willing to conform to the recommendation of the Board, only when said recommendation favored their own favorite books

But few of the members of the Board are practical teachers, or much conversant with books used in school Consequently they do not feel themselves very well qualified to pass judgment upon the merits of books, believing that teachers who have an opportunity to test the adaptation of them to the condition or state of the schools, are better qualified than others to judge of the merits of books, for the same reason, that a mechanic is a better judge than any one else, of the tools best suited to his particular trade or business. Accordingly, it is thought desirable, that before any book should be recommended for general adopting, its merits and adaptation to the wants of the schools, should be tested by experienced and judicious teachers, whose opinions could be relied upon by the committees It is not seldom the case, that a book comes before the committee with high pretensions, and with hundreds of puffs from newspaper editors, clergymen, professors, and teachers, to whom the book was presented for the sake of the puff, but who have given it no other examination, than merely turning over the leaves and looking at a passage here and there; but when this book is introduced into school and brought to the actual test, it is found altogether inferior to others that have taken place to it It is not a bad plan, therefore, where it is practicable, to put the new book, an arithmetic, or grammar, for instance, into the hands of an experienced teacher and give him an opportunity to make trial of its merits by forming a class in it, before it should be authorized for general use This is the practice, I understand in some of the towns in Massachusetts and it seems to me to be a very judicious one.

It is by no means necessary that every town should adopt a, any more than that every school in the same town should do so If a text book has been made of the book in question by such judicious teachers or teachers, in whom the judgment the community generally have confidence, and it should thus be recommended, this would go far with the committees to whom the result would become known, and if the opinion of the teacher should confirm the impression of the school committee in relation to the book, there would be little risk in introducing it into the schools—and if it should be otherwise, a full further examination could be, and should be given

It is not proper, that changes should be made in haste, or without cause But there are advantages in the occasional change of books, especially of reading books and geographies — After a reading book has been used a number of years, and the contents become as dull to the scholars, it ceases to excite much interest A new one then introduced would be eagerly read and the scholars would be likely to profit more from it, than from the old one The changes in the political and civil condition of the countries on the globe are now so frequent and so great, that a geography, which was well adapted to the times a few years ago, has now become out of date, and a new edition, or a new geography becomes necessary But there is little more difficulty in introducing a new edition of a geography than a new geography The question should be, when a change is to be made, whether a new edition of the old geography, or a new work is to be preferred Frequent changes, therefore, in geography, from the nature of the case, are necessary, and as it is undeniable that great improvements have been made of late years in geographies, it is desirable, that the best work on the subject should be introduced, and the opinions of committees who are to decide, ought to be aided and enlightened by those who are competent to the task In relation to arithmetics also, and other school books, it may be said, generally, that changes occasionally made may be profitable Scholars are always stimulated by a new book They find a new set of problems to solve, new ideas &c &c, all which have a tendency to excite in the minds of scholars an increased interest in their books Besides, when a book, in arithmetic, for instance, has been long used in school a portion of the scholars have become familiar with the solution of the sums, and it is no longer, therefore, of any use to such scholars Moreover these scholars, being familiar as I have said with the solution of the sums, are constantly consulted by the other scholars who are studying the book, and those last are often found, avoid the labor and benefit of studying out their own lessons and hence the principal, or one of the principal ends to be attained by going to school, fails to be reached

But there is another advantage and of a different kind, in the occasional change of books, and this is, in reducing the price of them, and thus bringing them more within the means of the poor to procure them

The interest felt in the cause of popular education in this country, has led many men of education and talents to prepare books to meet the public wants There has been and continues to be a great deal of competition in the book business among editors and publishers, and the result of this competition has been greatly to reduce the price, and also to improve the quality of the books It may be safely alleged I think, that school books sold now cost more than about two-thirds as much as they did ten or fifteen years ago Thus a whole set of reading books, may now be bought for about what one of a set cost 5 years ago Competition has produced books on almost every subject, Mathematics in all its departments, in Geography, in Natural Philosophy, Natural History, Chemistry &c &c, and on all these subjects improvements have been made

Now, if there were no change of books allowed in our school, you perceive, there would be no chance for competition and thus for improvements in the quality, and reduction in the price of the books Hence it is for the public interest to encourage competition to some extent among editors and publishers, and competition can be encouraged in no way more effectually, than by occasionally permitting a change of books.

For these reasons, and others which might be stated, I consider a change of school books from time to time desirable Nevertheless as I before stated great care should be exercised in making the selection, No favoritism should be permitted to influence our judgment If we adopt a book, it should be, because on the whole, we consider it better adapted to the wants of our schools than any other we are acquainted with and not because, we are the friends and admirers of the editors and publishers, or agents We should have no partnership here Our aim should be the public good

When a change is to be made, care should be taken that it be made as little expensive as possible Parents ought not when it can be avoided to be obliged to procure different books on the same subject, and for the same child It always happens probably, in every school, that some new class is to be formed every year Suppose it be in geography. Those who have the old Geography may continue to use it, if they choose to do so, being all put into the same class, if possible, but those scholars about to commence the study, may be required to purchase the new one In this way books can be introduced with little inconvenience and, with little, perhaps with no additional expense—and the old books may be got out of school in the course of one year, and a new set introduced without being at all burdensome to parents

Committees and teachers should aim to introduce as uniformity of books, as local circumstances will admit of in the same town, but more especially in the same district and school If different books in the same subject are permitted in the school, the number of classes in them necessarily must be large, and the labor of the teacher increased, and his useful time greatly impaired But the evils arising from a multiplicity of text books in the same school are too obvious and too well known to require me to more than merely to allude to the fact

Having now stated the reasons why the board did not think proper to prescribe what books should be used in the schools throughout the State, and also a few of the advantages of an occasional change of text books, it remains to speak of the books which they approved.

The board did not recommend any book in their official capacity, but they voted to approbate the use of certain ones, a list of which I will send to you

Among the books approbated by the Board were the following, reading books

The Series of Swan, Russell, Worcester, Angell, Towns and Towers

Spelling books—Fowle's, Leopard's, Town's, and National,

Arithmetics—Colburn's, and the Series of Greenleaf, Emerson, and Davies

Algebra—Sherwins, Thompson's Day, Bailey and Colburn

Geography—Mitchell, Smith, Morse

History—Willard's series (Wilson's, Worcester's Eliot's, Peter Parley

Grammars—Weld's, or Wells, Towns, Brown's and Smith's

Dictionaries—Worcester's, or Webster's

Physiology—Cutter's

Governmental Instructor (a good book) by Smith!

(There were many other books on different subjects, and indeed several others on the subjects already named, approbated by the Board, But the list already given embraces books on nearly all of the subjects studied in the common schools of this State The fact is so great a number have been given, very clearly, the impossibility of agreeing upon any particular set of books to be used throughout the State)

This list may not include all the books which would have been approbated, had the Board been acquainted with them, at the time of their meeting. Quite a number of books on different branches have been presented to the common schools since the meeting of which no report, of course, could be made

[illegible]

LATE AND IMPORTANT FROM THE SEAT OF WAR!

Revolt of the Leperos! Corroborated.—Bombardment of the Citidel and Fortifications!—Great loss of Life and Property—Gen Scott in possession of the Capital—Bombardment of Pueble—Renunciation of the Presidency by Gen. Santa Anna—Revolt of Papantla.

Telegraphic Despatch to the Portland Umpire.

NEW YORK, October 14, 10 o clock, P M

The N. O Bee of the 5th inst, says that advices from Mexico relative to a revolt of an innumerable swarm of Leperos, who inhabit and surround the capital is corroborated by the arrival of the Arco

It is stated as a positive fact that the city of Mexico has been the theatre of a dreadful tragedy — Mobs have taken advantage of the desertion of the Mexican army from the capital and committed outrage and plunder American soldiers endeavoring to enter the city were attacked by the populace who after a severe contest, part of them were driven by the Americans to Ladita and the citadel —and a part were compelled to shut themselves up in the convent of San Francisco, abandoning two cannon to the Americans A bombardment of the citadel and fortifications then took place The loss of life and property is said to have been immense—the city having suffered much by its own mob The Leperos sacked the city—plundered the natives and foreigners without distinction

Gen Scott finally took full possession of the Capital on the evening of the 15th September

The following intelligence which if correct, is very important, we extract from El Arco Iris, of the 8th ult., published at Vera Cruz—

It will be seen that the 'Napoleon of the South' has again renounced the Presidency Whether this second abduction is like the previous one, a mere pretence, yet remains to be seen at present every thing is obscured

Letters from Puebla also inform us that Gen Rea entered Puebla, and that the city suffered a horrible bombardment by the Americans from the fortified heights, that Gen Herrera marched toward Queretaro with the remainder of the army which left Mexico, and that Santa Anna, with 3000, cavalry, was in Tlaxcala with the intention of proceeding to Puebla, to unite his forces with those of Gen Rea, and cut off the communication of the American army with the Sea coast.

In Papantla, there occurred a popular commotion in which the citizens Meza, Nunez and others were killed We will give hereafter more information concerning this

La Patria states that Santa Anna had left his quarters at Guadalupe, and returned to the Capital at the head of an army of ten thousand regular troops, and that fighting had been resumed and was still going on desperately at the last accounts The rumor of Santa Anna's resignation is confirmed by those accounts, but the Mexican people were not disposed to receive it and again placed him at the head of the army

A Vera Cruz correspondent of the N O National locates Gen Santa Anna in the vicinity of Puebla with 2,000 men, for what particular purpose is not known

☞ In explanation of the bombardment of the city of Mexico, the following statement is in the correspondence of La Patria of N Orleans:

On the 11th 12th and 13th of September, Genl Scott attacked the city of Mexico but with little success, having been repulsed several times with serious loss On the 14th, he succeeded in obtaining possession of Chapultepec and the Citadel, and commenced the bombardment of the city from the Pasco, the Citadel and San Cosme In the evening Santa Anna evacuated the city publishing a manifesto, in which he says that, to avoid the destruction of Mexico, he retires to the city of Guadalupe —from which place he would soon concert his future operations

As soon as the Mexican troops had withdrawn from the city the Leperos began a horrible sack Two of the Alcaldes begged of the American General that he would come and protect the property, and occupy the city

The General sent a column, with two pieces of artillery upon which the population rushed, capturing the pieces, and routing the column, the remains of which sought a refuge in the Convent of San Francisco In consequence of this, Gen Scott bombarded the city until the evening of the 15th, when he entered as far as the Palace. The loss caused by the sack exceeds three millions of dollars

Army Intelligence.

The six companies of the Ohio Regiment, that arrived here last week, were transferred to the transports anchored off Slaughter house Point direct from the steamboats, without approaching the city, and would have proceeded to sea the same evening, but the tow boat disappointed them They went down, however, promptly and properly The four other companies of the same regiment are expected down to day

Nothing positive has yet been heard from the other three regiments (two from Tennessee and one from Indiana) except that it was understood, they were filled up and would soon be prepared to embark—we learn that they will probably be here in the course of next week

There are four infantry and six mounted companies at Mobile from Georgia—a steamboat has left this city to take on board the former.

The whole of the force amounting together to probably 6000 men, will no doubt, be in Vera Cruz between the 10th and 12th of Oct, and though we could wish they were already in the field yet certainly no time has been lost in collecting and organizing them since the call was made

Of the present Ohio regiment we learn about one half consist of old volunteers which of course, will be of great advantage —N O Bulletin

Georgia Election.

So far the Whigs have chosen 25 Senators, and the Locos 21 and two only, remain to be heard from

For the Representatives, the Whigs have chosen 62, and the Locos 59, and five districts are yet to be heard from Of these five, 2 are considered as certain for the Whigs, and 2 for the Locos, and 1 is uncertain, the Legislature, therefore, on joint ballot, will be Whig by 3 or 4 majority at least

Ohio Election.

Pittsburgh, Oct 14,— 10 A M

The Whigs have carried the counties of Muskingum Franklin and Montgomery, by increased majorities (The last includes Dayton, which has always been a Whig majority)

Hamilton county (including Cincinnati,) has gone Democratic, as usual—1,500 majority—whole ticket

[No change in the representation thus far, though our report says a Whig gain of one Senator and four Representatives —Ed Tribune.]

It is said that Mr Armstrong, U S Consul at Liverpool now on a visit to this country, has resigned that office, and is to be appointed Brigadier General in the Army, made vacant by the death of General Hopping

Dr V P Coolidge, is a native of Canton, Oxford Co, Me, and has been in practice in Waterville about four years, and was getting an extensive run of business

☞ The Charlestown (Va.) Free Press, says, that the destruction of property in the Valley of Virginia by the recent freshets will involve a loss of several hundred thousand dollars.

The Cousinginom of the Boston Post, was lately broken open and robbed of some eight or ten dollars

A Christian Deed.

We are informed, that a few days since, a lady, closely veiled, called at the house of the Secretary of the Female Orphan Asylum and handed to the Secretary a neat note and then departed The letter contained two one hundred dollar bills and a single line announcing the fact that the money was a donation to the Asylum

The name of the giver of this generous gift, so modestly bestowed, is as yet unknown, but it is certainly very creditable to many of our citizens that so many have been named as the probable giver We know one truly generous man who is fully able, and as modest as able, and we therefore venture to *guess* that it was him Whoever it was we thank him or her, and he deserves the thanks of those philanthropists who have in charge this noble enterprise of aiding feeble orphan children

Firemen's Parade.

We understand that the Firemen of our city have resolved upon a grand Parade Target Shooting and public supper on Friday next They will do this kind of business up in good style

The command devolves upon Eben French Esq, Chief Engineer, of the Fire Department

☞ We tender our thanks to Col Maxwell, conductor on the Eastern Rail Road, to Capt Jewett, and to Mr Haines, Clerk of the Governor, for papers forwarded us on Saturday, in advance of the Mail, by our prompt friend Mr Taylor

☞ We tender our thanks to Jerome & Co's Express for papers received on Saturday, in advance of the mail

☞ Hon Ruel Williams was elected Representative in Augusta on the 5th inst

BY THE GOVERNOR

A PROCLAMATION

FOR A DAY OF

Public Thanksgiving and Praise.

With the advice of the Executive Council, I hereby appoint THURSDAY, the 25th day of NOVEMBER, as a day of PUBLIC THANKSGIVING AND PRAISE

The year which is past has been to the State and Nation one of unmixed prosperity. While a kind Providence has been owed upon the industry of our citizens a rich reward our foreign institutions have prospered each in its undisturbed enjoyment While abundant plenty fills our land, tyranny and oppression are deprived of the power to wrest it from the hand of toil and pour it into the lap of indolence and luxury

As the recipients of such unmerited blessings it is peculiarly appropriate that we set apart a day for the sincere public acknowledgement

therefore recommend that the people of this State abstain, on that day from their ordinary pursuits assemble at their usual place of worship and unite their hearts in gratitude to God, that He nerved our fathers' arms for the unequal contest for the rights of freedom —that He gave them wisdom to design our beautiful system of State Sovereignties, and a conceding spirit to unite these independent sovereignties into one harmonious whole,—that He has taught their sons to regard that union as of unmeasured value, and determined them to preserve it by compromise of all conflicting interests and claims—that His hand is still visible in guiding and sustaining us, in beautifully rewarding our peaceful exertions, and crowning with success our victorious armies—and that the cementing outpouring of his rich benisons has distinctly marked us as his favored people

Let not the voice of murmuring disturb the songs of praise. Let party bitterness and sectarian animosities be for the day suspended, or the boons God proffered, by political harangues, speaking upon the institutions of our sister States, or discussion of the terms of Union. But let our joyful hearts in a general festival that another year has passed, and we are still a united, prosperous and happy people.

Thus duly appreciating the blessings we enjoy, and humbly thanking God who gives them, let us unite, as a whole community, in earnest prayer for their continuance, to our welfare and our prosperity

Given at the Council Chamber, at Augusta, this twenty-seventh day of September, in the year of our Lord one thousand eight hundred and forty-seven, and of the Independence of the United States, the seventy-second

DISASTERS &c — The steamer Huntress, from Hallowell for Portland passed on the afternoon of 12th, the sch Elizabeth, of Bluehill at anchor under Small Point, having lost part of her deck load jib and fore gaff all her oars and handspikes The H supplied her with oars and handspikes The wind was hauling westward and the sch got under way for the Kennebec river

A slip from the Gloucester Telegraph dated 12th says—"The blow last evening was pretty severe for a short time and considerable damage was done among the vessels which anchored in the outer harbor The schs Olive, of Yarmouth, and Letart of Hingham struck adrift and came in contact with sch Edward Kent, of Richmond Me, and carried away her bowsprit spring mainmast broke fore mast in the step, broke fore yard, and did other damage to her" The Letart also was severely damaged

One of the schrs on the Spit is the T O Thompson (of Frankfort) Putman, from Philada she went on on Tuesday night—has discharged one load of coal into sch Albion, of Hull, she remained ashore yesterday afternoon —Boston Traveller Friday

Sch Edward (of Frankfort) with lumber went ashore on the W side of Mackerel Cove, near New port, in the gale night of 12th and hilged—crew saved About half the deck load was lost

Sch Ontario (of Camden) Harford from N York, 12th went ashore same night on Wards Island near Hurlgate and at last accounts remained high and dry—crew safe

STRAYED OR STOLEN

From the subscriber in Carmel on Wednesday night, Oct 13th a black French MARE, lame in her left hip, a small scar back of her right ear short spring tail Whoever will return said mare to the subscriber in Carmel or give information where she may be found at the Whig and Courier Office, shall be suitably rewarded

Mutual Benefit Life Insurance COMPANY.

—OFFICE No. 2 GRANITE BLOCK—

EAST MARKET SQUARE - BANGOR

THE affairs of this Company are in the hands of business men favorably known to the community who have permission to refer to the following gentlemen in Boston

Hon J G Rogers, Samuel Appleton Esq.,

Hon S Fairbanks Messrs J E Thayer & Bro

Robt G Shaw, Esq. Johnson Sewell & Co,

and to the following Gentlemen in Bangor

Hon Edward Kent, Charles Hayward,

Frank Horne, Esq., Joseph Bryant,

James Crosby, Gen S P Strickland

This Company offers the following advantages

1st When the premium is over fifty dollar annually, one fourth may be paid in cash and three fourths in a secured note, at twelve months, with six per cent interest, or it may be paid half yearly, quarterly, or monthly

2d Parties taking *life policies*, and paying *fifty per cent.* of premium in cash and those taking policies for a *shorter period*, and paying *sixty per cent.* in cash, (if over fifty dollars per annum) may give their individual notes for the balance, if satisfactory to the officers

Whole number of policies issued in 24 months, to the first May, 1847, 3712.

Whole amount of premiums thereon, $351,220 98.

Dividend of profits, January 1847, 35 *per cent.*

This Company has now been two years in operation, and it is a gratifying circumstance that its progress has fully tested the principles adopted for its management, and thus far more than realized the most sanguine expectations of its friends

Its remarkable amount of business, which is without a parallel in the history of Life Insurance, shows that it is gaining in public confidence and that there is an increased disposition in the community toward of its benificent operations.

ROBERT L. PATTERSON, Pres't.

SIDNEY C MILLER, Sec'y

S B MORRISON, M. D., Medical Examiner

Statements of the business, with other papers of the Company, and all necessary information furnished on application to

Joy to the Afflicted!

DR SEARS'S justly celebrated GOOD SAMARITAN, or PAIN-CURER—*for external and internal use*

THE proprietor has been in the habit of dealing out medicines for the last eighteen years, almost daily and he thinks he has been a close observer of their action on the human system, and he finds his Pain Curer to be unsurpassed by any, for the cure of pain either externally or internally — As such he offers it to an impartial and enlightened public—and he only asks for it that meed of praise to which the afflicted shall find it entitled

This purely vegetable medicine, manufactured by the proprietor, Dr J B Sears, is offered at wholesale or retail, by G F SARGENT, No. 22 West Market Place, and SILAS ALDEN, No 27 Main street, (under the Hatch House), only agents for Bangor 1m sept 21

DR. LEIDY'S

Blood Pills.

THE TRUTH—the whole Truth and nothing but the Truth—attested by the hands of respectable citizens. Dr Leidy's SARSAPARILLA BLOOD PILLS (STRICTLY VEGETABLE) are the best safest and most effectual purgative of the Stomach and Bowels and purifier of the Blood and Fluids of the Body Known

YOUNG AND OLD MALE AND FEMALE can take them with equal safety requiring no change in living restraint from occupation or from exposure to all kinds of weather while taking them

DR N B LEIDY

Proprietor and Manufacturer of the only genuine SARSAPARILLA BLOOD PILLS

is a regular Druggist Chemist and Apothecary regular Physician Graduate of the University of Pennsylvania member of the Philadelphia Medical Society &c attested by Drs Physick Chapman Jackson James Hewees Horner Gibson Coxe Parrish Betton Rex W H Delanes R Adrian I L D J L Biddle Esq &c &c all now or lately of Philadelphia

Be it known therefore that Dr Leidy would not hazard his reputation or dishonor the profession or institutions to which he belongs by offering to the community either Pill or other Medicines that did not possess the virtues he attributes to them and therefore knowing the efficacy of the Sarsaparilla Blood Pills does not hesitate

TO PROCLAIM TO THE WORLD that of his Pills will do no good either as a purgative of the stomach and bowels or purifier of the blood then no others will because, they contain all the virtues that can be combined in Pills and will be found more efficacious at all times than any others

THE STRONGEST RECOMMENDATIONS that can be given from persons of known respectability and standing accompany the direction

To the Public.
IMPORTANT MEDICAL NOTICE.
DR. PETERS has REMOVED from Endicott street to No 13 Wilson s Lane, BOSTON a few steps from Dock Square—where he can be consulted in all cases of Disease of a delicate nature. Dr Peters has been in practice in Boston for the last seven years, and is now acknowledged to be the most experienced Physician now advertising for the cure of certain maladies His cures are unprecedented—his knowledge of the state diseases unbounded, he spares no pains or expense to relieve those who honor him with their confidence

SECRETS,
his experienced eye at once discovers the state and cause of the evil so that first experimenting to ascertain a location of the disease, as Gleets and Nervous complaints He perceives the difficulty at once, and applies the right remedy

In Chronic Affections
of the Bladder, he is always sure of performing a perfect cure—having a perfect knowledge of the organs affected, and the proper medicine to be applied.

In Gonorrhea,
in single glance enables him to ascertain the precise state of the disease and to apply the most failing remedies to the particular parts, and the complaint will disappear in a short time after the application, never to appear again

In Strictures,
his medicine stand in the foremost rank of the medical world—removing the disease from the system, no matter of how long standing or difficult it may be.

Also, the following diseases come under the special care of Dr Peters—viz: Kings Evil—Salt Rheum—Fever Sores—Cutaneous Affections—Spermal Weakness—Nocturnal Emissions, superinduced by secret bad habits when young, &c &c.

To Females,
Dr Peters would say that he has a perfect knowledge of their systems, and can warrant them a perfect cure from all complaints peculiar to their sex The following are a part of the complaints which come under his particular notice—viz: Suppression—Irregularities of the Menses—Whites—Pains in the back and sides—Falling of the Womb—Green Sickness, &c. &c.

N. B Persons at a distance can consult Dr Peters by letter, post-paid, describing their complaints, and enclosing a remittance. Direct "Dr Peters, 13 Wilson s Lane, Boston, Mass." Medicines can be sent by Express to all parts of the United States and the Canadas.

To Bachelors,
Dr Peters would say that his medicines can be taken at home, and are peculiarly fitted for their use, being concentrated into a portable and compact form. All those who are short taking medical advice, will call upon Dr Peters, he will give them satisfactory advice in addition to performing a perfect cure, however protracted their case may be. dtw oct 16

DR. E. R. SMILIE'S
Alkaloid Xalon,
FOR CLEANSING TEETH.
IN the preparation of this article there is nothing used which will prove in the slightest degree injurious to the structure of the teeth as its chemical components preclude the possibility of injury to any of the properties entering into their composition From its alkaline principle it corrects the vitiating fluids of the mouth whether arising from acid eructations of the stomach, or the decomposition of food collected about the interstices of the teeth and gums by its removal, prevents the deposite of tartar causing the teeth to assume a clean surface free from the usual stain at the junction of the gums common to the use of the various dentifrices now in vogue, removing from the breath the unpleasant odors usually attending the above diseases.
N B It has received the approbation of Drs Bell and Booth of the Medical Institutes and other who would only give their views in accordance with their belief for the benefit of the public

DR. WARREN'S

SARSAPARILLA, TOMATO AND WILD CHERRY
PILLS CALL BITTERS,

At 50 cents per Bottle.

SARSAPARILLA, TOMATO and WILD CHERRY BITTERS have now become a standard Medicine, universally approved by Physicians as a safe, speedy, and effectual remedy for *Scrofulous, Mercurial and Cutaneous Diseases*; Jaundice, Indigestion, Dyspepsia, Bilious disorders, Liver Complaint, Costiveness, Weak and Sick Stomach, Fevers and running Sores, Swelling of the Limbs, Pain in the Bones, Tumours, the most Rheumatic affections, Salt Rheum, Ringworm, Pimples, Eruptions on the face of body, Consumption, Kings Evil, Phthisic, Cough, Consumptive night sweats, Female debility, headache, dizziness, sallow complexion, and all those disorders which make from the slightest Mercury or Poison or impure taint in the blood, no matter how acquired

The Medicines here presented are prepared after directions given by the celebrated Dr Warren, whose name is a guarantee, and it will be found superior to any preparation of the kind now in use. Its high character, entirely vegetable, and very finely flavored, recommends it to the taste. The change which it produces in the condition and tendency of the system is speedy and permanent.

As a Spring Medicine, for purifying the blood—strengthening the stomach and body, and clearing all complaints, the Sarsaparilla, Tomato and Wild Cherry Bitters are unrivalled.

For sale by druggists generally throughout the country, at 50 cents per bottle, and by the agents in Bangor, Maine, Boston, Mass, Providence, R I, Hartford, Conn, Albany, N Y, Philadelphia, Pa, Baltimore, Md, Richmond, Va, Charleston, S C, Augusta, Ga, Mobile, Ala, New Orleans, La, Louisville, Ky, Cincinnati, Ohio, Detroit, Mich, Chicago, Ill, Milwaukie, Wis, Dubuque, Iowa, St Louis, Mo, Nashville, Tenn
